

Recieve phone calls up to 3 times a day from 1 800 379 8414. Have been called at inappropriate times. Have repeatedly asked them to stop calling. State they are the "Fraternal order of the brotherhood of police". The frequency and times are beginning to feel harassing and slightly threatening, as often there is no voice message. I am on the do not call list. Have lodged a written complaint with the AG in Austin Texas. Help. What to do? Thank You Madelyn Catob
